vehicles go to eligible
applicants

*Specific requirements to be met

*"We are what we repeatedly do.
Excellence then, is not an act, but a habit."
-Aristotle, philosopher*

Way to Work Dutchess is dedicated to empowering eligible program participants with transportation solutions. Our goal is connecting participants with community partners in a circle of support keeping people working, sustaining their independence, and keeping Dutchess County thriving.

This program is designed for participants to retain or obtain employment and assist those **who qualify obtain permits**, licenses, learn how to maintain a car, and potentially acquire a car. Participants must attend budgeting trainings and various workshops. Program recipients are chosen based on their income, work-related need for transportation, have a temporary need of assistance and other specific program guidelines. In addition, they must display the perseverance and the commitment necessary to take steps towards financial independence.

THERE ARE FOUR COMPONENTS TO WAY TO WORK DUTCHESS:
Learn It, Drive It, Earn It, and Donate It.
